

COCHIN SMART CITIES LEADERSHIP AWARDS 2018

5th January, 2018
Vivanta by Taj Malabar, Cochin

More than 50% of the world's population lives in cities. By 2050, this figure will rise to nearly 75%. The pressure is on to sustainably provide energy, housing, transportation, security, food, and water. Creating intelligent urban environments that efficiently support this growth requires vision, efficient use of technology and resources, an enabling infrastructure, and an environment that attracts a supporting and talented workforce.

HYDERABAD SMART CITIES LEADERSHIP AWARDS 2017 will recognize pioneering projects designed to make cities more livable, sustainable and economically viable. Each year, businesses, entrepreneurs, research hubs, non-governmental organizations and public or private consortiums pitch their innovative smart city strategies and solutions to transform our cities in the field of technology, energy, governance, sustainability and mobility.

Applicants are invited from every corner of Vidarbha with impressive projects that use new Innovative technologies to engage citizens, increase efficiency, empower sustainability, generate business and improve quality of life.
